2023（第二届）中国钢铁海外发展论坛

邀请函

尊敬的 女士/先生：

由上海钢联电子商务股份有限公司主办，昌富利(厦门)有限公司联合主办的“中国钢铁海外发展论坛”将于2023年4月19日在厦门召开。

近年来，据不完全统计，中国钢企计划或已经在全世界至少20个国家进行海外建厂，来拓宽海外市场。目前我国的海外权益铁矿产能为1.2亿吨/年，“十三五”时期在海外建成或收购钢产能约2000万吨。在《“十四五”原材料工业发展规划》中，明确了中国钢铁工业实现高质量发展的目标和路径。提出力争到2025年，钢铁工业基本形成布局结构合理、资源供应稳定、技术装备先进、质量品牌突出、智能化水平高、全球竞争力强、绿色低碳可持续的高质量发展格局，这也为中国钢铁行业的海外高质量发展提供了参考依据。

2023年，在新冠疫情、区域冲突、高通货膨胀和气候变化等因素的持续影响下，中国钢铁行业如何保持国际化定力，如何更好的在世界钢铁行业中贡献中国力量，是大型钢铁企业面临的重要课题。

本次论坛将围绕中国钢铁行业的“海外钢铁产能布局”、“海外矿产资源开发”、“海外基建用钢需求”、“钢铁国际贸易热点”等相关内容进行深入解读。本次论坛将吸引来自国内大型钢铁生产企业、海外钢铁投资企业、中资海外基建企业的专家和领导，深入具体案例讨论业内焦点问题，展望中国钢铁海外发展轨迹，探索契合新的供求环境的生产、贸易模式。

我们期待您的参与！

Invitation to China Steel Overseas Development Forum 2023

The 2nd China Steel Overseas Development Forum, hosted by Shanghai Ganglian E-Commerce Holdings (Mysteel) in partnership with Cheongfuli (Xiamen) Co., Ltd., will be convened in Xiamen on Apr. 19, 2023.

According to preliminary statistics, Chinese steel companies plan to build overseas plants or have done so in at least 20 countries to broaden overseas markets in recent years. At present, China's overseas equity iron ore production capacity is 120 million tons per year, and the steelmaking capacity built or acquired overseas during the 13th Five-Year Plan period is about 20 million tons per year. The 14th Five-Year Plan for the Development of the Raw Materials Industry defines the goals and paths for the development of China's steel industry, proposing that by 2025, a new development pattern that features a clear layout structure, stable resource supply, advanced technology and equipment, outstanding quality and brand, high intelligence, global competitiveness, and green low-carbon sustainability will take shape, which also offers some guide for China's steel industry overseas.

In the case of COVID-19, regional conflicts, high inflation and climate change in 2023, large steel companies need to strengthen the international determination and contribute more Chinese strength in the world steel industry.

The forum will focus on **overseas steel capacity distribution, exploitation and utilization of iron ore, infrastructure project needs, and latest news of global steel trade**. While most attendees are based in China, the forum has also attracted international steel traders, raw material/equipment suppliers and international embassies in the country. This will be a valuable opportunity for all parties in the steel industry to get together and explore new modes of production and international trade.

We look forward to seeing you at the China Steel Overseas Development Forum 2023 on Apr. 26 in Xiamen.
